

Department of Geography-Geology  
Guidelines for Graduate Faculty Membership

Approved February 11, 2004

CRITERIA

In order to be recommended for membership in the Graduate Faculty, a member of the faculty of the Department of Geography-Geology will meet the criteria stated in the guidelines of the Graduate School.

The departmental criteria used in determining recommendations for Graduate Faculty Membership are as follows:

- 1 Appropriate terminal degree in Geography, Geology or related discipline
- 2 Active participation in research with at least one significant peer-reviewed publication in the field
- 3 Evidence of the potential for guiding and advancing the research of graduate students
