You must upload your work as a PDF. If you don't have a PDF file yet, you can [convertyourmanuscripttoPDF](#) using the conversion tool we provide.

Other PDF Requirements:

- Fonts must be embedded.
- Security settings must be set to "No security". Encrypted files cannot be processed for publishing.
- The maximum file size that can be uploaded is 1000 MB.

Top reasons why you are unable to upload your PDF file into your ETD submission:

- The fonts have not been embedded. Click [here](#) for our help document on embedding fonts.
- I created my PDF using Microsoft Word and even though I embedded my fonts I get an error message telling me that there are fonts that are not embedded. Click [here](#) for what is needed when creating your PDF with Microsoft Word 2010. Click [here](#) for what is needed when creating your PDF with Microsoft Word 2007.
- I created my PDF using Adobe Professional (this includes if you created an Adobe PDF in Microsoft Word with the Adobe add-in), and even though I embedded my fonts in the Word document, I am still getting an error telling me that fonts have not been embedded. Click [here](#) for the steps to follow when creating a PDF in Adobe Professional.

At ProQuest, we make copyright registration easy - by submitting your application to the United States Office of Copyright on your behalf and providing you with the certificate from the Library of Congress. Registering your copyright via ProQuest is the fastest and most efficient method currently available.

How to take advantage of our copyright service:

Registering with the U.S. Office of Copyright **establishes your claim** to the copyright for your dissertation/thesis and **provides certain protections if your copyright is violated**. Because of the availability of content on the open web via repositories and other avenues, registering for U.S. copyright can be a significant benefit for the protection of your work. By registering for U.S. copyright, you can protect your dissertation or thesis and become immediately eligible for statutory damages and attorney fees. Registering for copyright allows for the claimant to receive statutory damages set out in [Title 17, Section 504 of the U.S. Code](#), which range from \$750 - \$150,000 USD plus attorney fees per copyright infraction. This contrasts with those who do not register for copyright - authors without copyright registration can claim only actual damages and no attorney fees.

If you wish, ProQuest/UMI Dissertation Publishing will act on your behalf as your agent with the United States Copyright Office and apply for copyright registration as part of the publishing process. [Learn more](#)

We will:

- Prepare an application in your name
- Submit your application fee
- Deposit the required copy or copies of the manuscript
- Mail you the completed certificate of registration from the Library of Congress

1. Previous U.S. Copyright Registration

Has registration for your published dissertation/thesis, or for an earlier version of the manuscript, been made with the Copyright Office?

- Yes - copyright was previously filed No

2. Requesting ProQuest/UMI to file for U.S. Copyright Registration

- Do not file for copyright** - I am requesting that ProQuest/UMI not file for copyright on my behalf.
- File for a new copyright** - I am requesting that ProQuest/UMI file for copyright on my behalf.

I understand that an additional fee of \$55.00 (USD) will be charged.

I authorize ProQuest/UMI to submit an application for registration of my copyright in the Work in my name. I will receive the registration confirmation directly from the U.S. Office of Copyright.

If I have previously registered my published dissertation/thesis, or an earlier version of the manuscript with the U.S. Office of Copyright, I have provided the registration number and year of registration above (see Question 1).
